

Privacy Policy

This privacy policy clarifies how Rummy(also referred as Rummy, we,us,our,the game, this game in this document) treats personal information that collected when you register.

Your privacy is extremely vital to us and this privacy policy is designed to prevent your personal information and provide a safe gaming environment. We will explain about the information we collect, how we use it, in what condition we may share it, as well as the restrictions and changes of this policy.

By accepting our Private Policy, you consent to our collection, use and disclose of your information as described.

Information We Collect

Rummy provides players to play as guest or login through Facebook. When you register for obtaining the service through Facebook, you allow us to access the information you provide or consent to provide for that site, but it is affected by the privacy settings you and your friends establish in Facebook. You can check out your settings before you register the game.

We may collect, but is not limited to: your full name, country, gender, birthday, device information, profile picture, Facebook friends list, login email you gave when you registered Facebook.

Once you register the game, you will be provided with a user id, which is used to identify your account. And profile will be public, but will only permit access to information that is considered public or that you have designated as public in your settings.

When you play our game, we may collect certain technical information typically through the use of server log files, mobile device software development kits and tracking technology like browser cookies to personalize the game experience.

Any other information that you enter when using the service may also be collected.

Use of Information

When you play Rummy, we collect some personal information in order to render the good service, fulfill your requirement, and resolve your issues.

We may use it, but not limited to in the following ways: to create your account and ensure safe smooth gameplay; to allow user-to-user communication; to provide technical support and respond to user inquires; to receive feedback to improve our game and customize user experience.

In addition, we may send push notification to you with your consent to inform you the game updates, promotions, and other relevant messages. You can choose to opt out of it in the settings of your device.

In the event you do not wish that we use your Information for any of the purposes specified in the Privacy Policy, you may close your account by uninstalling our application.

All users of the Service consent to the use of Information for the purpose stated in this Privacy Policy.

Share of Information

We will not rent, sell or share it with any third party without your consent except the following circumstances:

1. In order to perform certain service, we will provide some of your information to third party companies on our behalf, including payment processing, marketing service and in-game advertising.
2. In Rummy, any other players can check your game profile while you are playing. They can get access to your game ID, basic game data and Facebook name. Moreover, other players may send you game requests or even friend requests through Facebook.

We will strive to ensure any third party to observe our privacy policy and not to use your information for any other purposes.
